## About This Game

As a threat from beyond looms over the solar system, Project AETHER is ready to deploy! Take control of the powerful AETHER mech in this action oriented twin stick shooter.

Fight the alien threat across 9 unique levels, each with a powerful boss to defeat.

Customize your mech's loadout with an assortment of powerful weapons, including the rapid fire assault rifle, high impact railgun, concentrated laser beam, and more.

Choose your own approach to combat. Pick your foes off with ranged weapons, or get in close with devastating sword strikes.

Use the enemy forces to your advantage! As you damage foes they become primed for a powerful EMP blast, which will destroy them and any ships caught in the blast.

Project AETHER: First Contact also features survival and boss rush modes.
